

New Sailing Season Underway

We do not have enough material for a full magazine at the moment and this newsheet is to give you a few updates. The NZTYA welcomes articles from your area on trailer yachting for the website and a future newsletter.

The 2011/2012 season is now well underway with some notable trailer yacht events taking place like the 23rd Aviemore Classic and the re-instated Taupo 50. There are more regattas and cruises planned around the country.

Proposed Sailing Program Forum

There has been a suggestion we could hold a forum for club representatives to see what activities work well in club programmes. Links to the different programs could be listed on the website or posted there prior to the forum being held. Could representatives interested in such a forum please contact the secretary. We would look at running this next year.
